re: Meeting 5-7-2025 Written Comments
to be put in the Record of meeting

We live in Mission Oaks this area was a quite neighborhood. Today along with Fighter Navy Jets coming every day we have these private jets flying over our Homes, Shopping Malls, Schools, business.

All hours of the night we can check our Flight Radar on our phones and only see PRIVATE JETS NO FLIGHT PLAN.

What if one of these planes crash? All hours of the night no flight plan on some. They just fly around Camarillo.

We want answers and we are not interested in getting any additional planes in our sky.

We have a Costco coming to that area with a Car Dealership and Business Park that the City of Camarillo approved.

What will the traffic be like?

With the already traffic from the Shopping Center of Home Depot and Target is this Airport ready to make sure no traffic issues will arise?

The Factory Outlet mall is also over there and the main on and off from the 101 Freeway is there. Hundreds of people use Las Posas to go to Hwy 1 and other area's out at the Airport you have all of the Sheriff's and Fire Training and several school near the airport.

Here's to name a few:

Ace Charter High

Frontier High

Other Schools

Animal Shelter

Probation Offices

Restaurant (that has no parking)

Various other business

No this should not be an airport for commercial jets, UPS, FEDERAL EXPRESS, Private Jets.

Every one who flights around Camarillo needs to have a flight plan and be noted on the Flight Plan App.

Thank You
